About Refer a Member Week

The International Public Safety Association, established in 2014 as a 501(c)3 non-profit, values its members. We truly appreciate all that you do to support us in our formative years.

Refer a Member Week is a **Call to Action** to our members to help spread the word about the IPSA and encourage your colleagues and network to join as a new Member.

It's a simple way for you to help us expand our reach into the global public safety community.

Together We Are Stronger
